Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**

**Town and Country Planning (Development Management Procedure) (England) Order 2015**

Application No: FG/155/25/PL

Site Address: Land between 11A The Grove and 30 Brook Lane Ferring BN12 5HZ

Description of works: Erection of 1 No 1-bedroom self build house with associated parking & private outdoor amenity space. This application is in CIL Zone 4 and is CIL Liable as a new dwelling.

Thank you for your internet representation made on 25th January 2026 which has been recorded as an objection with the comments as follows:

OWPC81060

This is a contrived design trying to fit a dwelling on a site that is too small and out of place with the other dwellings in the grove and surrounding estate. The site plan is not correct as the applicant owns freehold of 26/28 brook lane and has not been shown in blue on site plan. The development does not meet your design standards in many ways the surface water drainage on this tight site with a sunken ground floor will have to go to foul sewer no room for Suds drainage as specified. The parking shown dominates the house frontage. The house could be classified as 2 bedroom as study is bedroom size. The back garden will not be private but overlooked. The building is in front of building line of the grove. The side front gates and front faced are 1.8m high and out of keeping. No consultation has been carried out by owner with affected neighbours. No overall height and external dimensions have been shown or accurate setting out dimensions on such a small plot. Having a sunken ground floor and internal steps does not comply with part M of the building regulations and ground floor wc is also to small under part M. The first floor bedroom windows are shown as fixed shut and opaque up to a height of 1.7m off floor when you scale drawings widow head is about 1.7m off floor means bedroom would have no clear windows or natural ventilation. The proposed gates and back garden fence would make it impossible for me to park my car and result in 2 cars having to be parked on the road which has very limited parking. If developments like this were allowed around the private estate it would completely ruin the estate character.

Your views as made above will be considered before the application is determined.
