I write in support of the confirmation of the Lighting for the
Schooling arenas.

I have been working for Hangleton Farm since 1987. All the
time that I have been at Hangleton Farm there has been lighting
in the schooling arenas, with the last schooling arena being
completed in the late nineties. All of the schools have 6 lights
mounted at approximately 4 meters in the air.

If you require any further information, please contact me.
