Subject: Planning for Blue Bird Cafe.

To whom it may concern, I write objecting to the proposed plans for the Blue Bird Cafe for the following reasons.

- There is no plan to extend the car parking facilities.
- There is already serious parking and traffic congestion not only in the summer months but throughout the year. See pictures below taken on the 10th October 2018.
- There is also a serious risk to pedestrians, and people who require aid with mobility as there are no pavements. Stepping onto someone's garden is very often the only solution to avoiding traffic when two vehicles are travelling in opposite direction.
- Because of the poor parking situation local's have had to protect the front of their gardens with white concrete posts to prevent visitors parking on their property.
- There are no wide verges and definitely no 20 mile an hour speed limit. Sadly some really do speed around here.
- It is my opinion that Pattersons walk will not improve the situation either. Some cyclists race along there regardless of the sign with £100.00 fine for doing so. No enforcement. I have jumped onto the grass many times to get out of the way.
- Quite a few visitors also park at the Cafe in order to take their dogs out for a walk along Patterson Walk or in the other direction as there is no other parking facility available to them.

Yours sincerely,
Y R Murphy.
