

14/10/18

Dear Sir/Madam

Ref: FG/159/18/PL The Bluebird Cafe, Ferring

I wish to register my objection to the above application for the following reasons:

1. The entrance gap to the car park, from the junction of South Drive & West Drive, has been causing a traffic problem for some years, particularly when local buses/refuse collection/emergency vehicles are confronted by vehicles queuing to enter the single carriage way gap to the car park, unable to enter because of vehicles exiting the car park. The gap is not wide enough & vehicles have been forced to queue on a blind bend.
2. At peak times the car park is already overcrowded & vehicles are already forced to park on the adjoining narrow roads. These roads have no footpaths & pedestrians, many elderly & in wheelchairs also have to use the roads to walk on. With the extra parked vehicles this will become more dangerous for pedestrians than it already is, particularly in the winter nights as there is no street lighting.

Yours faithfully

P. A. Hankard
