

5A Beehive Lane
Ferring BN12 5NL

Dear Sir

My husband and I strongly object to the application (FG/159/18).

As residents in Ferring for over 25 years we have seen the traffic get worse and worse even in the week where people meet at the Blue Bird, which is in a perfect position for people to drive to too and use the FREE carpark. I have a dog so most days I walk along Ocean Drive to the beach but I can't do this walk at weekends as from 9 a.m. until dusk the traffic along Beehive Ocean & West Drive is really busy and the entrance to the carpark is manic and dangerous as people are arriving and leaving and the entrance is one way only.

2

I hope planning will not be granted as already the traffic is heavy and I believe there will soon be a bad accident as we try as residents to walk to the beach especially at weekends when the cars park along Ocean Drive West Drive and South Drive and we have to walk along the grass verge as there is no other way to the Beach

Your Sincerely
