Subject: APPLICATION FG/159/18 - THE BLUEBIRD CAFE, FERRING

Dear Sir/Madam

With reference to the above, I am writing to object to this application.

The entrance to the Bluebird Cafe is single lane and if the application goes ahead the traffic chaos this would cause is unthinkable, not to mention the parking problems it would cause in the roads nearby to the Bluebird Cafe if the size were to be increased.

Also, there are no pavements around here and no lighting, therefore, any increase in traffic would cause another hazard for pedestrians.

I might also add that I am a resident in the Ferring Road Scheme Association and pay an annual fee towards keeping the roads in good order. An increase in the size of the Bluebird Cafe would certainly bring more wear and tear to the roads and increased parking problems in this area.

I do hope you will consider the above points when making your decision.

Ann Morris (Mrs)
