Subject: Bluebird Cafe Ferring

As a resident of Ferring, I would like to object in the strongest possible terms to the extension of the Bluebird Cafe.

As you will be aware, the roads are PRIVATE and MAINTAINED BY RESIDENTS CONTRIBUTIONS, they are not public highways and unless the council are ready to take over the maintenance, should remain for the use of residents. Locals go to great lengths to keep speed and parking very controlled and acceptable for their neighbours, sadly, the same cannot be said for a lot of visitors. Said visitors appear oblivious to our narrow roads (speeding) and small driveways (parking) and have no consideration for residents in this respect.

Access to the cafe is also on our bus route and careless parking on the roads makes life very tedious for the drivers on many occasions.

The cafe is well loved by many, both locals and the visitors I have alluded to. Please do not allow this premise to outgrow its popularity and make life unbearable for the many residents of Ferring who have, thus far, given the cafe their support.
