ApplicationNumber:FG/159/18/PL

03/02/19

For attention of Neil Crowther/Deputy

Dear Sir/Madam,

I received notification of the meeting re. the above planning application on the 01/02/19 and was a bit surprised and disgusted to receive so little warning notice of such an important issue. No doubt, like many

other objectors, I have a life with plans already set in place for the coming two weeks and part of mine is a trip to France.

This does seem to suggest that the District Council are in favour of approving these plans and I would like to know if such short notice is usual ? However, I do not think I could really add to what I have already said in my previous communication particularly in respect of inadequate road infrastructure, parking facilities and access in the possible future event of an accident or similar emergency.

Yours sincerely,

James Anderson (Dr JGF Anderson, 36 Oval Waye, Ferring, BN12 5RA)
