Dear Ian Pidgeon

Development:

The proposal is for a change of use from A2 (offices) to D1 (health clinic).

At present the location (30 Ferring Street) has been used as offices for a local Nursing Agency.

We wish to convert this use in order to set up a a health clinic offering skin treatments by a qualified doctor, as well as retailing health and skin treatment products.

The external appearance of the premises is to remain unchanged; we are not making any external structural changes.

There will be a shop-front sign applied to the external wall of the building (of the same size and location as the previous Abbeyfield sign). This is to be in subtle black and white, and of the "ShoreSkin" clinic logo.

Further images of this logo can be seen at www.shoreskin.com
