Ref FG/162/17

8th November 2017

Dear Sir

With reference to the above planning application this is another squeeze in building we have had so many gardens being developed not we start on garage sites.

This is totally detrimental to the area it would in fact be debateable if the site is large enough to take a dwelling.

The road junction itself is of concern with the volume of traffic it now has to cope with so this would not help this situation.

All in all not a good idea ,another back wood step for Ferring.

Yours sincerely

Alan Beechey
