Dear Sir,

I wish to record my objection to the proposed development in the grounds of
No.1. Upper West Drive.

I do not consider the site to be appropriate for a two bedroom bungalow with it's close proximity to the existing house. Maintenance on both properties could prove to be difficult. Also the applicant realises that the plot restricts any size of garden to the proposed property which might later lead to difficulties.

Problems could arise over the very large Maple tree on the verge fronting this development. Ferring Conservation Group considered this tree to be of exceptional stature and beauty and applied for a TPO which was implemented just a few year ago.

Many trees without protection are being removed for convenience by builders, without thought or care, it is expected that this order will protect this Maple which is much admired and loved locally, from any developer or applicant now or at a later date.

Yours faithfully
