Dear Mr Abbott,

Thanks for pointing out the wrong parish. I have just worked out how to fix that so it should now be correct on the web. I agree that the site is not residential however, we have validated the application and accepted the application form and I don't consider it necessary to request that the applicant amend the form, particularly as I know what the exact use is (horticultural glasshouses) and will determine it on that basis.

Kind Regards.

Dear Mr Davis, I would draw your attention to the fact that this is in FERRING not Felpham as stated on the planning portal under 'Parish'.

Would you please confirm that the claim by the applicant on the application form that the site is 'Residential' is incorrect. The plot on which the dwelling house stands may well be residential but the area containing the polytunnels which is the subject of this application is 'Agricultural'. This is misleading for anyone reading the documents to assess the validity and extent of the change of use to commercial. Please can this be rectified and a notice published on the details accordingly. Thank you.

Regards,

Cllr. Stephen Abbott

Ferring Parish Council.
