To Simon J Davis MRTPI
Principal Planning officer
Directorat of place

I would like to bring to your attention the following photos relating to FG/163/21/PL planning application for The Chalet Littlehampton Road Ferring BN12 6PG, which clearly shows Joanna Goodman advertising the use of the greenhouses for dry storage of non agricultural items ie home clearance or storage during a moving property and not for agricultural storage. In my opinion these were a weak attempt to advertise and not for the use in which they was meant for.

As you maybe aware before the mixed storage was allowed at Highdown business park Littlehampton Road Ferring BN12 6PG a change of use to the polytunnels was required for them to be to use for a different reason than that for which they were made which was for agricultural use.

I am sending you this email in response to the letter received on the 19th October 2021 from Huw James MRTPI Director of ece planning stating that the greenhouses were marketed on social media (facebook) and that the ads have been deleted, I would have uploaded this message directly to the comments on the planning application but not sure how to upload photos to my comment so thought I would send them directly to yourself as I feel this is something you should see and be aware of as I will be coming forward with this evidence to any committee meeting or appeal meeting should they arise.

Your sincerely

Mr B and Mrs S Little
