Dear Emma and Simon,

For information we attach a video clip prepared by the applicants showing the typical access and egress from the site of a boat being towed. They already receive boats in this way on an informal basis and the video demonstrates clear access, lines of sight and safe and controlled movements to and from site. This is intended to supplement the contents of our recent email and the application documentation.

Please let me know if you are able to view the information – otherwise we try to supply in an alternative format.

Kind Regards,

Huw James MRTPI
Director
