EH Comments:

I have considered the above application and there is not sufficient information to be able to assess the potential impact this use may have. There is no information about what exactly the site will be used for or what equipment will be used on site. There are no hours of use applied for in the application or any information on expected times the use shall occur. As this development is very close to several residential properties, I must recommend refusal until much more detail regarding the proposed use is submitted.
