ASDA West Worthing (ILP) Guidance Notes
For The Reduction Of Obtrusive Light

Date: 2012-04-02

We can confirm that the Exterior Lighting Proposed for the above site follows the ILP (Institution of Lighting Professionals) formally the ILE - Guidance Notes For The Reduction Of Obtrusive Light.

Furthermore all the Philips luminaires proposed for this project are 'Flat Glass' Asymmetric LED luminaire types, where all the light is directed downwards minimizing sky glow, glare & light intrusion beyond the site boundary .
