Good morning Nicola,

Further to our conversation yesterday and your letter 22nd October regarding FG/172/21/T and your query regarding height and spread of the tree.

The tree is between 30ft-35ft tall so that's between 9.1m-10metres tall. And between a 6-8metre spread on the canopy.

The reason for application as explained, the tree lost a branch during recent storms and the work is to ensure that it is safe through the winter months. Whilst there is no issues with possible ash die back at this time, our tree suggestion has suggested to reduce the canopy as per the application.

I trust that this is sufficient information for the application to be approved.

If you have any further question, please let me know.

Thank you

Kind regards

Mrs Nadine Phibbs
Clerk & Responsible Financial Officer
Ferring Parish Council
1 Elm Park
Ferring
BN12 5RN
