Ref: FG/173/20/HH

Location: 31 Ferringham Lane Ferring BN12 5NB

Development: Addition of a single storey 'cube' glass room to the rear elevation of the property in the private garden

Good Afternoon Ms Malik,

Please find attached the requested documentation for the above planning application.

99192_SitePlan: block plan at 1.500 now including dimensions to site boundaries

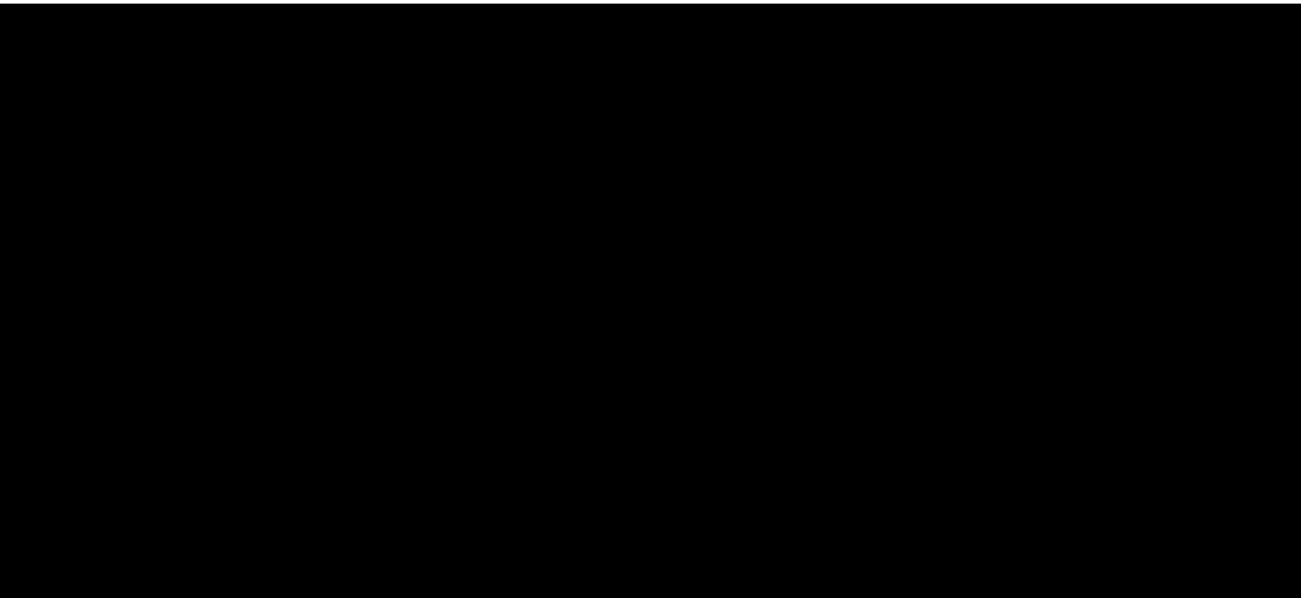

91192_CILForm: CIL form as requested

91192-02_Existing and 91192-04_Proposed: room labels now included on floor plans

Please note that the applicant has decided to increase the size of the glass room slightly, and these changes are reflected in the drawings 91192-03_Proposed and 91192-04_Proposed.

Apologies but your validation document also states "The building lines on the side elevations are inconsistent with the floor plans. Please amend." However I have double checked the drawings and I am unable to see the error. The plans are according to a previous application FG/57/20/HH which was accepted and permission granted and I cannot see any errors.

Please let me know if you require any further information.
