Thanks Anita. I agree to the extension of time until 01 March but will it have to go to Committee?

If we can clarify the tree the consultant is talking about that would be helpful. I think it must be the one near the entrance adjacent to the access track but would like conformation before appointing a consultant to look at the wrong tree!

Thanks

Dawn

Hi Dawn,

I await receipt of both tree and cricket ball hazard report within the next 2 weeks and request your agreement to an extension of time of one month until 01-03-2018 to allow for re-consultation with the Tree Officer once the additional details have been submitted. Please can you confirm by return?

Regards
Anita

Hi Anita,

I have left you a message to give me a call but in the meantime my client has decided to go ahead with the assessment in any event. He just feels that given the objections and the potential consideration by Committee, it would be the safest approach. Also without the report we wouldn't really know what to propose for mitigation.

The report can be undertaken in a couple of weeks and in the meantime if we can identify which tree the consultant is referring to we can that sorted too.

After your discussion with Juan, was it agreed to support the proposal in principle?

I await your comments and for some feedback on Beehive Lane.

Thanks

Dawn

Hi Dawn,

I have spoken to Juan. You won't need to commission a report, but we would request that mitigation is included as part of the application so the amelioration is demonstrated

Regards
Anita

Hi Anita,

Just a gentle reminder that I am awaiting your comments....

With regard to Sea Lane I just need to know whether to commission the cricket ball assessment please.

Thanks

Dawn
