Subject: FG/178/18/PL- 58 Ferringham Lane Condition 7 Construction Management Plan

Dear Carol,

Further to your call please find attached revision 02 of our construction management plan updated as requested to pick up the points not identified in the planning condition.

The programme has also been updated to reflect the delay of demolition until January. You will note this now also shows a delay of the post demolition works until mid-2019.

I trust you will now be able to confirm to the planning officer that this condition has been satisfied and can be signed off.

Kind regards

Glynn Curtis MCIAT
