Good morning

Further to below.

In your response you refer to disruption of shared drive as not being grounds for refusal. I didn't raise that as an objection. I simply asked that during the course of the build that respect is given to my property both front and rear by all concerned to avoid any unnecessary inconvenience to me.

With regards to my only objection - the installation of the rear door to the garage - I believe the use of this entrance will impact on me greatly - with an increase in noise level and overlooking which will affect my privacy. Seeing the plans on paper is one thing however, if you had taken me up on my invite for a site visit to see how this will affect me then I would have had more respect for any decision made by the council.

Needless to say I am disappointed in your response and decision.

Regards 44 Ocean Drive
