

Design and Access Statement

(Bramble Cottage, 50 Sea lane, Ferring, BN12 5EH)

- The work involves replacing 2 number sash windows on first floor. The replacement windows were made to match existing and constructed in hardwood, with single glazing to match existing.
- Access and replacement of windows to be carried out from from the appropriate rooms, on the first floor, within the Building.
- The new windows will enhance the look and character of the listed building as the original windows were decayed and rotten and were not fit for purpose.
