Dear Mrs Gardner

Sorry for the confusion, I must have sent the incorrect attachments.

I have now attached new plans showing the proposed building in a dashed line with yellow hi-light.

The access to the site is shown with a thin black line and the building is again hi-lighted in yellow and a dashed line.

Thank you for your help on this matter!

Kind regards

Jason

Dear Mr Coomber,

I acknowledge receipt of your e-mail and attachments which I have forwarded to Mrs Johnson. She can't see any difference from the previously submitted plans. Can you confirm what changes you have made? I can't see the access to the site included within the red edge and the building is not clearly identified, there is more than one building outlined in dashes. Could you put an arrow to it. It

may be helpful to look at the Location Plan on FG/31/17/PL so that you can see the extent of the red edge we are looking for.

Regards

Anita Gardner

Dear Mrs Gardner

I am sending these attachments to you in hope that you receive them, as I am unsure if Mrs Johnson has received any of my emails.

If I am successful this time, please would you pass this information on to Mrs Johnson, as I am eager to move things forward in fear that we may lose funding for this project!

Kind regards

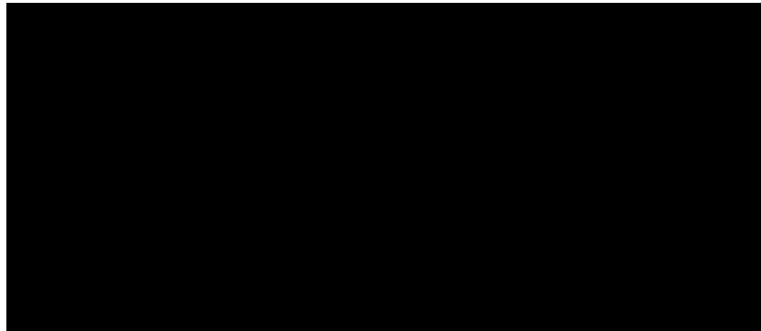

Jason

Dear Mrs Johnson

Sorry for the delay in getting back to you, I have been on holiday.

I have amended the plans hopefully with what you have ask for.

The 1:2500 site location plan now has a black line showing access to the proposed woodworking shop.

The block plan now shows the location of the proposed woodworking shop with a black perforated line.

Kind regards

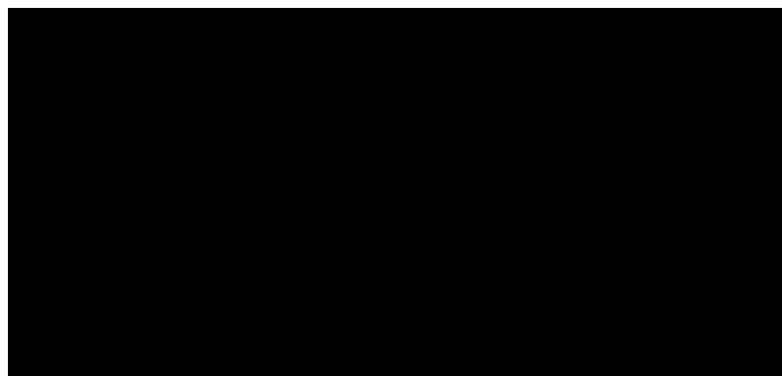

Jason
