Dear Mr Miller,

Apologies again for the email in error earlier.

Thank you for raising this issue, I received the application yesterday and had not yet checked it as yet. You are correct that the site is outside of the built up area. Therefore, it is potentially a Departure and should be advertised as such.

I have passed the file back to technical support and the matter will be corrected.

Thank you again,

Ross

(At present I am in the office Monday to Thursday. I am not in the office on Fridays).

**Subject:** FG/183/17

Mr Leal: I have just seen Application FG/183/17 on the Arun web site, and would like to ask why its description does not include, '*This application is a Departure from to the Development Plan*'. This notice was attached to the application FG/45/15, which sought a change of use from an agricultural/sui generis operation to B8 storage. The Development plan has not changed in any material sense since 2015, and the current application is for the erection of an office building, which is just as much contrary to the Development Plan as was the application for storage of 100 vehicles.

Will you reconsider this matter, please? – Ed Miller (Secretary, Ferring Conservation Group)
