Dear Sir / Madam

The above planning application was submitted last week.

While you are in the process of validating the application please can I ask that you substitute the submitted location plan and DAS with those attached to this email that have some minor updates.

To avoid confusion with the DAS I have called the version attached Design and Access Statement 1 so that you can more easily differentiate between the two.

If you are able to confirm these changes will be made I would be grateful.

Kind regards
