Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: FG/184/21/PL
Site Address: 1 Greenways Crescent Ferring BN12 5EF
Description of works: Erection of replacement dwelling and garage

Thank you for your internet representation made on 3rd December 2021 which has been recorded as an objection with the comments as follows:

OWPC42357

The proposed northern elevation of the new property will be considerably closer to the road than the existing house and we suggest this is undesirable because Greenways Crescent has grass verges instead of pavements and as we understand it, all the residents of the Crescent have a pedestrian right of way over the grass verges, including over the verge at Number 1. If so, the north facing elevation of the new house would be extremely close to that pedestrian verge.

The prominent position of the northern elevation of the new house would be inconsistent with the position of the established properties at Nos.2,3,4,5,6,7,8,9 and 10 Greenways Crescent, which are all set well back from the road. In our view, the new house with a vertical elevation, replacing the existing sloping elevation, and closer to the road will be a carbuncle in the close.

In our view, the huge glass windows on the northern elevation of the new house will be intrusive to the overlooked properties on the northern side of the close.

Your views as made above will be considered before the application is determined.
