Jan
3 The Poplars
Ferring

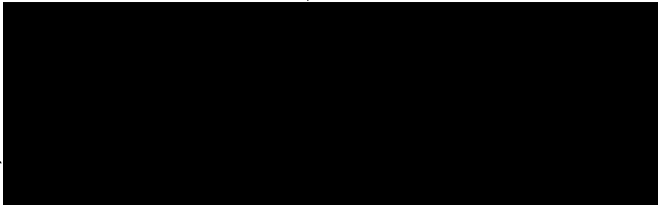

Dear Jan,

Regarding the Sycamore tree on the south-east corner of the green opposite,
I would recommend sectional felling.

Due to the proximity of the telephone pole and lines, to reduce to an extent that
would satisfy British Telecom would involve virtual pollarding that would disfigure the
tree and look unnatural. To clear odd limbs from the crown would alleviate the
problem for a while but would be an ongoing procedure.

As regards replanting, have you considered either Hornbeam or White beam 25 feet
to the north-west, both being native and of amenity value due to a decrease of wild
specimens?

Yours sincerely,

C J GILBERT

Please ask for:
Emma Lawrence
Planning Compliance Team

Our Ref: TPO/FG/1/12

Dear Sir,

Tree Preservation Order in The Poplars, South Ferring (Yalefield Ltd land)

Thank you for your letter that I received today, 19th March 2015.

* I am glad that you have been in contacted with the owners of the TPO tree and they have given you permission to carry out the works, for them, however please DO NOT touch the TPO tree until you have submitted a tree works application. I have enclosed the application form for you to complete.

Please ensure that this application is completed and returned to Arun District Council. Arun District Council then makes the decision whether works are allowed or not, by consulting with Arun's Arboriculturist, this can take up to 8 weeks.

No works are allowed to the TPO tree until a decision has been made. If the TPO is pruned, damaged or felled before this decision is made then this can be deemed as a criminal offence.

If you have any questions then please contact me on the details above.

Yours sincerely,

Emma Lawrence BSc (Hons)
Planning Compliance & Monitoring Investigator
