2nd January 2017

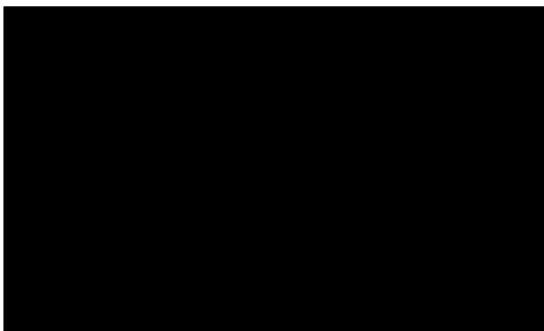

Dear Sir/Madam

PLANNING APPLICATION FG/193/16/T

We would like to strongly object to the felling of this Sycamore tree. The trees in The Poplars are our only drainage. Two large trees which were felled in 2012 were substantial Pine trees and replaced with insignificant trees that are a very poor replacement for the ones that were chopped, which has totally unbalanced the area. The tree surely could be trimmed and not completely destroyed just because it becomes an inconvenience. If this tree were to be felled how many more would be at risk just because they are in the way.

Poor Ferring has a whole has suffered a devastating amount of trees being destroyed for one reason or another and an enormous amount of wildlife have lost their habitat because of this.

Yours sincerely,

12/1/17
