Mr Wood: I am following the progress of FG/196/16 with interest and concern. I can see on the web site that WSCC gave a further consultation response dated 19 May but when I try to bring up the text the system says 'File not found'. Can you please do what is necessary for the contents of that response to be displayed? The traffic, parking, and road safety issues are very important in this application. – Ed Miller (Secretary, Ferring Conservation Group)
