Dear Sir

Thank you for your letter of 28th June 2017.

I am appalled that this application is still receiving consideration. Any inspection will reveal how great is the over development proposed and I urge a site inspection, not an examination of the plans in the office. I note that consideration is still being given to onsite parking and the number of spaces required for a development of 8 residences. The sort of people who will purchase these flats will all have a minimum of one car per household, most likely more and yet I hear you are considering an even lower number. The mere fact the developer has deemed it necessary to produce line drawing of how vehicles could manoeuvre illustrates the tightness of even the reduced spaces. If there are insufficient spaces, there will be, of necessity, parking in the road and an onsite inspection will reveal the closeness of the junction of Sea Lane and Marine Drive and on a blind curve. This application must be rejected

Yours faithfully

R. J Wilde
