refno: FG/198/16/PL

Dear Sirs,

I would like to further object to the amendment on 1 Sea Drive Ferring for flats. The new parking arrangements do not seem practical for the size of modern day cars, which will mean more cars parking along Marine Drive causing congestion and less room for visitors to the beach to park. Plus so many extra cars on this busy corner and delivery vans ect will be a hazard.

Plus all the extra coming and
going of cars in this quiet
coul-de-sac will be unfair to the
surrounding neighbours.

Flats will be totally out
of character for Ferring, as at the
moment we are still holding on
to our lovely Village atmosphere
Flats will ruin this.

Yours faithfully
