Hi Andrew,

Its strange that i received this reply from Juan on 18th August, it seems that your department can't agree between yourselves what the process is and how to follow it.

Dear Ms Henderson

Thank you for your email of the 14th which I have today been made aware of having returned from leave. You will today have received an email informing you that the Development Control Committee will be taking place at 2.30 on the 24th of August and not as originally planned at 2.30 on the 23rd August. This is to allow for the funeral of the late Cllr. Mrs Maconachie which is taking place on the 23rd august.

All the points you raise bellow will be considered and addressed and will be reported to the Development Control Committee as a report update. As customary copies of report updates will be available at the start of the committee and they will be presented to the committee by the presenting officer at the start of the 1 Sea Drive item.

Regards

Juan Baeza Area Team Leader -- Planning Department, Arun District Council | Location: First Floor, Arun Civic Centre, Maltravers Road, Littlehampton, BN17 5LF

I have received no response to my email forwarded below, sent on Monday.

I look forward to hearing from Andrew, Neil or Juan urgently to confirm the council's position on this.

Roger - i am forwarding this to you for information and in the hope you can encourage a response and some action.

Best Regards,

Sally

Pls. note the ADC Council solicitors response attached. The only issues to be addressed at Development Control Committee today with regard to FG/198/16/PL are highway issues and the increased provision of car parking. In addition the only issues that will be taken into account from public speakers will be highway issues and the increased provision of car parking.

Thank you,

Andrew Wood B.A. (Manchester) , Dip TP. MRTPI

I write further to my previous representation with regards to the inadequacy of the obscure glazing condition proposed on the application for flats at 1 Sea Drive.

Privacy within one's home is a material planning consideration.

Paragraph 203 of the National Planning Policy Framework states "Local planning authorities should consider whether otherwise unacceptable development could be made acceptable through the use of conditions"

You obviously feel this is the case with regards to overlooking from the proposed block of flats into our home and garden, since you propose permitting the application subject to condition 14 re obscure glazing.

Paragraph 206 of the National Planning Policy Framework states "Planning conditions should only be imposed where they are:

1. necessary;
2. relevant to planning and;
3. to the development to be permitted;
4. enforceable;
5. precise and;
6. reasonable in all other respects."

Condition 14 is not precise and therefore may not give the result of making otherwise unacceptable development, acceptable. It may result in us losing our privacy in our home because the condition is so vague as to allow ANY obscure glass to be used. Reference to the

Pilkington obscurity level chart demonstrates how insignificant the protection of privacy would be at levels 1-3.

I have highlighted this and requested a pilkington level 5 glass is conditioned in the windows that overlook our house and garden, and whilst your report acknowledges this representation it does not accommodate the request and nor does it give any reason for not accommodating this request.

The other option the council could use to ensure that condition 14 is precise and capable of producing the results for which it is justified in the reasons given would be to use a materials approval clause with wording such as -

Prior to the first occupation of the extension hereby permitted, windows of the extension facing the common boundary with **INSERT** shall be fixed shut and glazed with obscure glass the details of which shall be submitted to and agreed in writing by the Local Planning Authority prior to development commencing. The agreed form of windows and obscure glazing shall be retained thereafter.

Since this matter is one that would have a huge impact on our home and lives, please be assured that it is something we would pursue. I have been advised that if the council failed to follow government guidance on imposing conditions and this resulted in us suffering a loss, the council would be liable to remedy this loss. I am therefore highlighting this issue again now, at a stage where this can still be remedied.

Yours sincerely,

Sally
