Dear Mr Pearce

I can confirm that the film currently used is acceptable.

Are you now able to agree to the description below? As soon as you are able to provide confirmation I can arrange to republicise the application.

Variation of condition 4 imposed under FG/1/18/HH to read: The 2 bathroom windows on the east facing elevation of the dormer on the east side of the dwelling house shall at all times be glazed with obscure glazing and be fixed to be permanently non-opening where they are below 1.7 metres measured from the finished floor level of the room in which the windows are installed.

Variation of Condition 5 imposed under FG/1/18/HH for the first 2 No. west facing velux windows within the existing roof structure to be glazed with clear glass & to be fully opening. The remaining velux windows - 2 No. west within the proposed roof extension & 2 No. east – one within the existing roof structure & one within the proposed roof extension to be permanently obscured and permanently fixed shut with internal lock as per details submitted (VELUX locking handle) to a height of 1.7m. The obscured windows are agreed to be only opened 4 times per year to be cleaned & maintained and on each of these occasions the Council should be notified in advance of when this is to take place.

Regards

Dear Juan,

Further to your site visit, please can you confirm that the obscured film is acceptable.

We would also prefer not to have conditions that request further details to be submitted at a later date. All details can be sent to you as part of this application, so we all know what has been approved.

I will also forward details of the chosen window lock shortly. These have been ordered direct from velux.

Regards

Michael Pearce
