Att'n. Mr Zac Denton,

Dear Mr Denton

Re: Planning Application FG/202/18/HH, 26 Beehive Road, Ferring.

I wish to appeal against the approval of this repeat Planning Application

This planning application is a follow up to the previous application of December 2017, No FG/160/17/HH which shows an extension on the east side of the property with a pitched roof to avoid interfering with the light and air to windows on my homes west side. The works, as they developed have shown that the applicant has changed her design from the approved version to include a flat roof at a height which has severely impacted on my outlook and light to the rooms on that side of the house.

I have previously provided several letters and photographs of the work in progress which shows little regard for the planning conditions of December 2017 and I have now attached three photographs again of the works in progress, to illustrate my need for opposing this development.

I have copied this letter to the Ferring Parish Council and to Colin Oliver-Redgate the local Arun District Councillor, for their information, consideration and advice.

Yours sincerely

Richard Plumb
