Att'n. Mr Andrew Wood,

Dear Mr Wood

Re: Planning Application FG/202/18/HH, 26 Beehive Road, Ferring.

I wish to appeal again against the approval of this repeat Planning Application

I have today seen a copy of a revised drawing of the proposed alterations to 26 Beehive Lane. This drawing shows that the builders answer to removal of the east side wall and roof is to paint the concrete side panels white. This action will do nothing to correct the overbearing nature of the present construction and will create a maintenance problem for the future, due to there being no adequate access to the wall except through my garden.

I also note that some openings in the roof have been added for ventilation, these should not allow my property to be overlooked from above.

I have copied this letter to the Ferring Parish Council and to Colin Oliver-Redgate local Arun District Councillor, for their information.

Yours sincerely

Richard Plumb
