Dear Sirs,

I would like to oppose
the application to build a
house on the corner of
Tamarisk way and Sea lane.

The houses or bungalows
on the turnings/junctions
onto Sea lane are set well
back giving the open feeling
which is in character with
Ferring, so this application
would be out of place.

Tamarisk way and the
other roads coming out on-

to Sea Lane can be quite dangerous to pedestrians crossing the road as well as cars turning onto Sea Lane, especially with the increasing amount of traffic using this road now, unfortunately often over the speed limit.

Yours faithfully
