ref no: FG/228/18

Dear Sirs,

I would like to oppose the application for further building using more land at the Xomans Dealership.

This area is open Down-land and being ruined by all the development in this area already.

I feel if he applied for all this work in the beginning he would have been refused, doing it bit by bit in my eyes is a devious way of

getting what he wanted in
the beginning but knew he
would have been refused if
doing so.

Yours faithfully
