Importance: High

For the attention of Mr Zac Denton @ Arun District Council Planning.

Dear Zac,

REF: FG/228/18/PL Yeomans, Ferring – 1st floor office extension

Further to our telephone conversation this morning, we wish to question the decision to take this application before Committee, if the only reason is the 'objection' raised by Ferring Parish Council.

We see no reason why this 'objection' dated 16th February 2019 should be considered a valid reason to take this application before the Committee. For which we understand will now not be until April. The Parish clearly do not understand the application proposals are for an office extension, resulting in no additional vehicle transporter deliveries being generated by its very nature. And, we welcome the prospect of you contacting the Parish to discuss this with a view to removing the objection. It would be difficult for us to inform Yeomans to grant an extension of time, knowing this particular reason.

[REDACTED]

Kind regards,

Kevin
