Subject: RE: FG/228/18/PL - Ferring Parish Council Objection

Good morning Zac,

In addition to my email yesterday, we can assure ADC that Ferring Parish Council do fully understand that the additional office space would not directly result in additional transporter movements.

This application is a Departure from the Development Plan and must therefore provide strong appropriate evidence to support any such application. The office space could be accommodated elsewhere within the built up area.

FPC are not the only objectors to this application.

Objections are based on more than just transporter movements.

The site is becoming over intensified with inadequate parking and vehicle movement facilities.

The application fails to demonstrate how increasing the intensity of the site will deliver safe operating practices.

The impact on the street scene will be of a visual commercial density which is inappropriate for the location.

Ferring Conservation Group have raised objections to the further intensification of the site.

Kingston Parish Council object citing the impact on infrastructure and support the views of Ferring Parish Council and the Ferring Conservation Group.

Kind regards

Good afternoon Zac,

Thank you for your email.

I would like to advise that I did not receive your first enquiry email sent 20th February and it does not look like there is an email address in the 'to' box.

I have spoken to my Planning Committee Chairman regarding this matter, the objection will not be withdrawn. This an opportunity to press ADC on imposing a condition on the transport issue.

Kind regards

Subject: FG/228/18/PL - Ferring Parish Council Objection

Dear Sir/Madam,

The current FPC objection to application FG/228/18/PL is detailed as follows:

“Yeomans Worthing has stated that they wish to expand their business and yet no provision has been made in this application for the associated numbers of vehicle transporters delivering vehicles to the site. Ferring Parish Council objects to further expansion without suitable provisions for such deliveries / collections being specified.”

It is not considered that this application would result in any change to vehicle transporter movements, as it is an office expansion.

Would you be happy to withdraw your objection on this basis?

Kind regards,

Z Denton
