Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: FG/22/26/PL
Site Address: The Haystack Sea Lane Ferring BN12 5EP
Description of works: Demolition of existing dwelling and erection of new detached dwelling (self build) and associated landscaping works. This application is in CIL Zone 5 and is CIL Liable as a new dwelling.

Thank you for your internet representation made on 3rd May 2026 which has been recorded as an objection with the comments as follows:

OWPC83306

As a nearby resident I object to this application which would have a detrimental effect on the local street and visual scene and the setting of this property within the Goring Gap, which is after all a properly recorded and fully evidenced Local Wildlife Site (LWS).

Currently this pleasant property sits well there in this sensitive location, and although there is a current permission to extend it, this is totally different. It would be a large inappropriate and out of character development with its bulk, height and its massing being particularly relevant issues here. The view from the south looking towards Highdown would be especially adversely effected, with the bulky roof being an overly dominant feature. Generally the application has been poorly and inappropriately designed in such an important location, especially when there is apparently nothing wrong with the current property.

I would therefore urge that it is refused for its highly unsympathetic design and the damage it would cause to the current rural nature of the Goring/ Ferring Gap.

Your views as made above will be considered before the application is determined.
