

Grange House Church Ln, Ferring, Worthing BN12 5HN

The tree in question is a mature Holm Oak in good health and provides good amenity value to the surrounding area. The proposed work would be to crown reduce the tree by 2.5 metres and crown lift the lower canopy to 5 metres over the highway as part of the 5 year maintenance of the tree we would also like to apply to prune the tree clear of the building by 3 metres . All work will be completed in accordance of British Standards bs3998 / 2010

The second tree is a Ginkgo that we would also like to reduce by 2.5metres again as part of the 5 year maintenance plan of the tree.
