Good Morning Mr Denton

I apologise that this email is 'last minute' and indeed I do not know if it's allowable in the objection process but thought it illustrates more clearly than the words that have already been submitted. I have tried calling you this week on several occasions but appreciate that you are very busy hence this email.

I am sending the attached (again apologies for quality) on behalf of my father-in-law, Mr N G Lelliott owner of 35 Downview Avenue as he is 90 next week and not totally clued up in modern technology and my mother in law, who has more idea, has just undergone major surgery.

As you will see from submission Right of Light is their objection. There is very little light at present but with the addition of a pitched roof replacing existing flat and a further extension with a pitched roof it would be non existent.

I appreciate you may not been able to comment or enter any dialogue with a third party like myself but would very much appreciate if you would view the attached and take into consideration when making a decision.

Thanking you in advance for your help in this matter

Roy Satterthwaite
