REF: FG/29/20/PL at Onslow Caravan Park

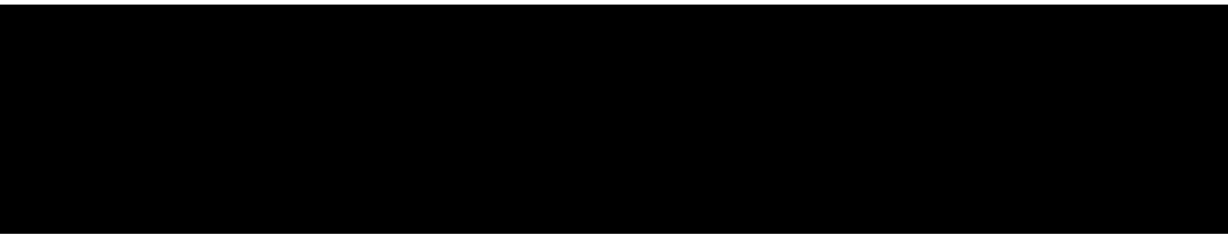

Thank you for your email below confirming that our petition has been forwarded to the planning department and has been logged as a representation objecting to the planning application for the Onslow Caravan Pr behind us.

I see that our petition (of 101 signatures), both my husband and my official objections to any further building work, and photographs are all visible online.

We now await an update from you to advise if the application is going to be determined at a Development Control Committee Meeting, and of the final decision. Thank you for sharing our opposition of further development work to Mrs Gardner and please keep us updated of the situation.

We look forward to hearing from you in due course.

Kind regards,
Mrs & Mrs Chlouk

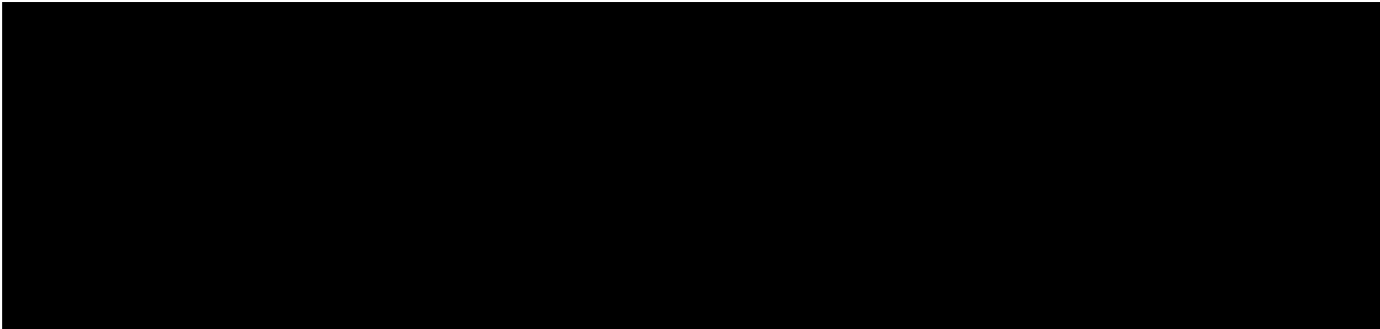

Dear Mrs Chlouk

Your petition has been forwarded to planning and has been logged as a representation objecting to the planning application. It can be viewed on the website together with the photographs. As the originator of the petition you will be advised if the application is going to be determined at a Development Control Committee Meeting and of the final decision. It has been forwarded to the planning case officer Mrs Gardner and I will forward your email to her for response.

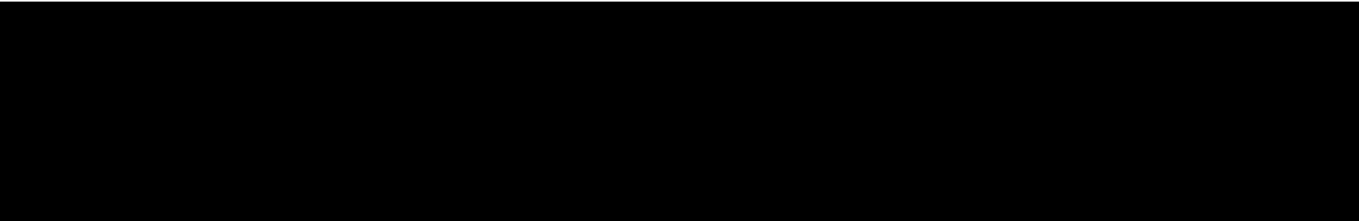

In case of confusion ,there is a separate process for petitions being submitted to the council for consideration under the petitions scheme. This is what Mrs O'Connor is referring to in her email. These requirements do not apply to a petition being submitted as a representation on a planning application and it has been accepted as a planning objection to be considered when the application is determined.

Yours sincerely

Nicola Spencer

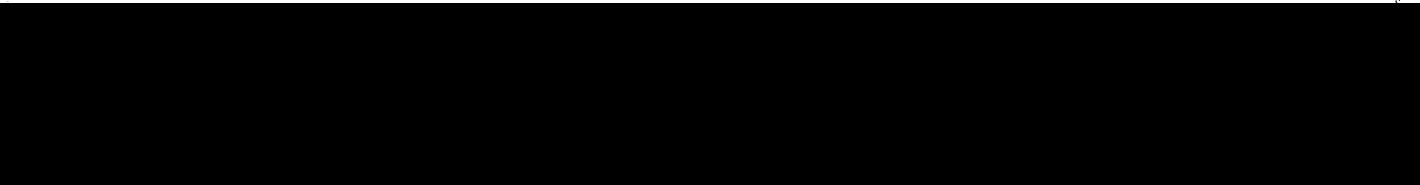

tre,

Hello Mrs Chlouk,

I am really sorry but I cannot advise you on how to go back to those who have supported your petition to obtain their signatures as you, as the petition organiser, are the one who knows how you contacted them in the first place to obtain the details you have. Please be aware that supporters of petitions have to live, work or study in the Arun District and it may be that some of those who have put their names down do not fit that criteria. I believe you need a minimum of 10 signatures.

As your petition relates to a planning matter, the other queries you raise are best addressed by the Planning Team so I am forwarding your email to Nicola Spencer, Technical Support Manager for Planning, as she is best placed to be able to help and obtain a response for you.

Dear Ms O'Connor,

Thank you for your quick response to my email.

As you can imagine I am very disappointed to hear that our petition can't be accepted in its current form as many people have taken the trouble to support us with the situation we find ourselves in.

I take onboard the immediate requirements stated below and will get back to you on these points, however I was not aware of your rules in order to submit a petition. Kindly share with me your recommendations on how I go back to everyone in order to get their signatures from those who support our view that the oversized structure built empowering the back of our house space and view is hideous and unfair (and it continues to get bigger) with the current lockdown?

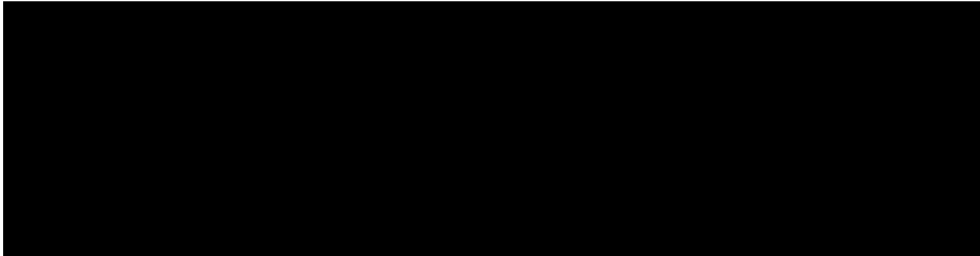

Surely under the current crisis happening in the Country at the moment with the lockdown, all planning applications should be put on hold/frozen (as house sales are etc) until people have the opportunity to meet your requirements fully and in a safe way, otherwise how can anyone in the Country have a proper opportunity to oppose things on a fair and even playing field?

I will now print out copies of your petition template and will await your response to how I safely proceed to get the relevant signatures. Before I go back to everyone to duplicate their support, kindly advise how many signatures are required by Arun District Council to be considered as an 'acceptable' petition to make any kind of difference in the first instance?

It's sad to note that the photos supplied to date aren't enough to spell out what a bad situation we have been put in at our end of Meadow Way.

Thank you in advance and I look forward to hearing from you.

Kind regards

Good morning Mrs Chlouk,

I have been passed the petition that you have sent in respect of the above. As you appear to be the petition organiser, I am writing to you to explain the Council's response to this petition.

The Council's Petitions Scheme requires the petition to include:-

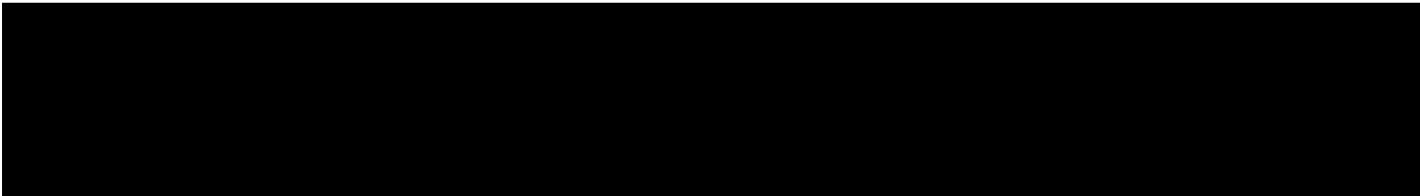

- A clear and concise statement covering the subject of the petition
- A statement about what action the petitioners wish the Council to take
- The name, full postal address, including postcode, and signature of any person supporting the petition

Petitions should also be signed by anyone living, working or studying in the Arun District.

Unfortunately, your petition cannot be accepted in its current form as it does not include the full postal address against each of the names; or the relevant signatures; and a number of addresses are outside the Arun District. In addition, a clear and concise statement covering the subject of the petition and why work should be stopped, has not been provided.

If you wish to resubmit this with the required information, then I have provided a link to the Council's website that includes a sample petition sheet you can use for the petition. You will also be able to view the full detail of the Council's petitions scheme. The link to the Council's Petitions Scheme is as detailed below:-
