Dear Sirs,

I would like to strongly object of the infill of a house in The Grove which is a narrow cul-de-sac off Brook Lane. I feel all this infilling in the lovely open gardens of Ferring must stop as it is ruining the lovely character of Ferring also spoiling all our open gardens as a refuge for wildlife, which we have

a lot of in Ferring but will
not have if all our open
gardens go and are filled
with concrete.

Plus even more traffic
spoilng our quiet village.

Yours faithfully
