Hello Mr Elstone,

We spoke on the phone last week regarding the above application. I wanted to request approval to make the necessary amendments to the description of the application and plans with a new title.

The description of the application currently reads "Replace front window with bow window", this would need to be altered to read "Approval for existing front bow window".

The plans would need to be resubmitted with a title reflecting the changes. Perhaps something along the lines of "Pre-existing elevations and Existing elevations", labelling the original window and now existing window respectively.

If these alterations are agreeable, could I request a response with explicit confirmation for the description amendments and a revision of the plans **as soon as possible**? so as to not incur any delays.

Kind regards,

Harry
