Please note an error in my earlier submission tonight and replace with the paragraphs as below. Thank you

Environmental Health:

Noise: Hours of Operation to be limited. No machinery shall be operated, no process shall be carried out and no deliveries taken, or despatched from the site outside the following times:-
8:00 to 18:00 hours on Mondays to Fridays inclusive; 8:00 to 13:00 hours on Saturdays; and not at any time on time on Public or Bank Holidays.
Reason: In the interests of the amenity

Lighting – External lighting in association with this development shall comply with the institute of Lighting Engineers Guidance Notes for the Reduction of Obtrusive Light, Obtrusive Light Limitations for Exterior Lighting Installations for Zone E1 - Natural
Reason: In the interests of the amenity

Construction Management Plan.

No development shall take place, including any works of demolition, until a Construction Management Plan has been submitted to and approved by, The Local Planning Authority. The Approved Plan shall demonstrate precautions to be taken to minimise the potential disturbance to neighbouring businesses during the demolition/construction phase of the development, particularly in respect to noise, vibration and dust and be adhered to throughout the construction period. The Plan shall provide for :

- a. An indicative programme for carrying out the works
- b. The arrangements for public consultation and liaison during the construction works.
- c. Measures to minimise the noise (including vibration) generated by the construction process to include hours of work, proposed method since foundation piling is likely to occur, the careful selection of plant and machinery and use of noise mitigation barriers.
- d. Detail of any flood lighting, including location, height, type and direction.
- e. The parking of site operatives and visitors
- f. Loading and unloading of plant and materials
- g. Storage of plant and materials used in construction and development
- h. Wheel washing facilities
- i. Measures to control the emission of dust and dirt during construction

Reason: In order to safeguard the amenity.

Hours of operation: No machinery shall be operated, no process shall be carried out and no deliveries taken, or despatched from the site outside the following times:-
7:00 to 18:00 hours on Mondays to Fridays inclusive; 8:00 to 13:00 hours on Saturdays; Not at any time on Sundays, Public or Bank Holidays.

Reason: In the interests of the amenity

Contaminative Land. This site had previous agricultural use as well as use for vehicle storage. In this case then it would be necessary to provide a phase 1 site investigation with a walk over survey, to establish potential sources of contamination that may require further investigation/mitigation.

ENV3 Universal condition for development on land affected by contamination

Environmental Health position

We consider that planning permission should only be granted to the proposed development as submitted if the following planning condition is imposed as set out below. Without this condition, the proposed development on this site poses an unacceptable risk to the environment and we would wish to object to the application.

Condition: Prior to the commencement of development approved by this planning permission (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), the following components of a scheme to deal with the risks associated with contamination of the site shall each be submitted to and approved in writing, by the Local Planning Authority:

1.A Preliminary risk assessment which has identified:

- *all previous uses
- *potential contaminants associated with those uses
- * a conceptual model of the site indication sources, pathways and receptors
- *potentially unacceptable risks arising from contamination at the site.

2.A site investigation scheme, based on (1) to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site.

3. The site investigation results and the detailed risk assessment (2) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken

4. A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (3) are complete and identifying any requirements for longer term monitoring of pollutant linkages, maintenance and arrangements for contingency action.

Any changes to these components require the express consent of the local planning authority. The scheme shall be implemented as approved.

Reason

To ensure that the development complies with approved details in the interests of protection of the environment and prevention of harm to human health in accordance with policy DEV1 of the West Sussex Structure Plan and policies GEN7 and GEN31 of the Arun District Local Plan .

ENV 5 Unsuspected contamination

Environmental Health position

We consider that planning permission should only be granted to the proposed development as submitted if the following planning condition is imposed as set out below. Without this condition, the proposed development on this site poses an unacceptable risk to the environment and we would wish to object to the application.

Condition: If, during development, contamination not previously identified is found to be present at the site then no further development (unless otherwise agreed in writing with the Local Planning Authority) shall be carried out until the developer has submitted, and obtained written approval from the Local Planning Authority for, an amendment to the remediation strategy detailing how this unsuspected contamination shall be dealt with.

Reason

To ensure that the development complies with approved details in the interests of protection of the environment and prevention of harm to human health in accordance with policy DEV1 of the West Sussex Structure Plan and policies GEN7 and GEN31 of the Arun District Local Plan

ENV 6 Verification report

Environmental Health position

We consider that planning permission should only be granted to the proposed development as submitted if the following planning condition is imposed as set out below. Without this condition, the proposed development on this site poses an unacceptable risk to the environment and we would wish to object to the application.

Condition: Prior to occupation of any part of the permitted development, a verification report demonstrating completion of the works set out in the approved remediation strategy and the effectiveness of the remediation shall be submitted to and approved, in writing, by the local planning authority. The report shall include results of sampling and monitoring carried out in accordance with the approved verification plan to demonstrate that the site remediation criteria have been met. It shall also include any plan (a "long-term monitoring and maintenance plan") for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action, as identified in the verification plan, and for the reporting of this to the local planning authority.

REASON

To ensure that the development complies with approved details in the interests of protection of the environment and prevention of harm to human health in accordance with policy DEV1 of the West Sussex Structure Plan and policies GEN7 and GEN31 of the Arun District Local Plan.

The granting of this planning permission does not in any way indemnify against statutory nuisance action being taken should substantiated complaints within the remit of the Environmental Protection Act 1990 be received. For further information please contact the Environmental Health Department on 01903 737500.

No grant of Planning or Building Regulations approval is implied.

NOTIFICATION FROM ARUN DISTRICT COUNCIL
Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order
2015

Planning Permission

APPLICATION **FG/33/18/PL**

NO:

Registered: 2nd March
2018

Site Address: Land at former McIntyre Nursery Littlehampton Road Ferring
BN12 6PG

Grid Reference: 509668 103741

Description of Works: Demolition of polytunnels, use of land for Class B8 container self-storage & the siting of 42 No. single-stacked storage containers, an office/toilet portacabin, new fencing, gates, CCTV, lighting & alterations to the entrance.

The Council have received the above application. I shall be pleased to receive any observations you may wish to make.

[Click here to view the application details](#)

Should you have any comments to make, these should be sent by replying to this email by 05-APR-18.

You can also monitor the progress of this application through the Council web site:
www.arun.gov.uk/planning

Please be aware that any comments you may make will be available on our website so please do not insert personal details or signatures on your reply.

In the absence of a reply within the period stated, I shall assume that you have no observations to make.

The application will be determined having regard to the development plan policies (if any are relevant) and other material considerations. The development plan can be accessed via the website as can the leaflet which deals with material planning considerations.

Should the application go to appeal the Planning Inspectorate will publish any comments made to the Council on their website:

www.planningportal.gov.uk/planning/appeals/ but they will protect personal details.

The officer dealing with this application is Ross Leal who can be contacted on telephone number 01903 737643.

Regards
Planning Officer
