Dear Cheryl,
Thank you for your email.
Unfortunately I am still unable to process my comments.
I would therefore be obliged if you would forward to the right person/s concerned.

Dear Sirs,
Ref: PLANNING APPLICATION FG/37/17/PL
We wish to comment on the above application, notice of which has only been posted within the last few days on a public footpath sign in Meadow Way, Ferring, which is unreadable as it is tightly wrapped around the post.

To build a workshop so close to residential properties which will house machinery will be detrimental and cause noise and disturbance to nearby residence.

Even at the present time with the storage of their gas bottles which create noise the ideal site for such a storage and workshop area would have been to back on the the railway track where no residential properties are involved.
