Subject: FG/39/18/PL - Consultation - Worthing Peugeot, Littlehampton Road, Ferring

Dear Sirs,

I refer to the above application.

Arun has consulted your Authority on this application today (19 April). You were not consulted originally, but we have had a number of objections raising proximity to the National Park and therefore it seems prudent to consult you.

Unfortunately, our system does not allow us to change 'reply by' dates and therefore advises that your comments are required by 19 April. This is not the case. I wish to advise you that your Authority has the normal consultation period within which to respond. This is 21 days until 10 May, although we will accept later responses if received before a decision is made.

Many thanks and please pass this email on with the consultation.

Ross
(Leal)
