Hi Karen

Please can you add this e mail exchange to the system as an objection.

Many thanks

Pat

Pat Aird

Thank you for your email.

I do feel the points are relevant, although, you would no doubt of noted the points made from your visit, but of course other members of the committee would not have that benefit. So, could you please make these points available.

All I want to achieve is to keep our lovely road that way and not be spoilt with oversize developments ruining the tranquil nature of the road and changing the street scene of mostly retirement bungalows.

Best wishes

Michael Murray

Dear Mr Murray

Would you like to submit this information as a formal objection. That is the only way it can be taken into account in determining the application. If this is your wish I can forward your e mail to our administrator to be uploaded onto the system.

Yours sincerely

Pat Aird

Dear Pat Aird

I submitted an objection to the above planning application prior to 10.5.2018 which has been published.

I note that the decision has been deferred until you have visited the site and discussed the matter with the applicants.

I am not sure of protocol or even if I can contact you, but I have subsequently noticed that the applicants suggest extending the parking area for 3/4 vehicles, however, you may have noticed that the vehicles on the plans submitted are completely out of scale. The parking area would have to be significantly wider than shown to park 4 vehicles, with a wider entrance. This would be unlike anything nearby, neighbouring properties are laid to pleasant gardens thus this would have a detrimental effect on the street scene.

In addition, the area in the property suggested as 'garage' is too small to take a car, meaning it could be intended for some other use. All properties in the immediate area have useable garages for vehicles and not to have one would be out of keeping in local area.

You may want to take these points up with the applicants when you visit.
