Dear Alison,

Please see e-mail below which I have received in respect of your comments in relation to the above application. The previous use of the site for agricultural/ compost production was granted in 2010 and ceased some time ago. Indeed the Design and Access Statement refers to this historic, rather than current use. Is it possible to amend your comments from stating the 'current use' to 'previous authorised use'.

Could you also advise when a response is likely to be received in relation to FG/45/15/PL

Thanks

Anita
